

## **Agnes/VirtueRF/Revitaleyes After-Care Instructions**

- Keep area clean and dry for 7 days or until wounds are healed.
- Avoid heat or sun exposure.
- Use a clean pillow case.
- Avoid areas with high bacterial counts—hot tubs, gyms, public swimming pools—for 10 days or until wounds are healed
- Avoid direct contact with pets until healed.
- You may take a Claritin or Zyrtec daily (if you tolerate it) to help with swelling.
- Sleep with head slightly elevated for the first 2–3 nights to help with swelling.
- Wash with a gentle cleanser and cool or tepid water, then apply stem cells, then moisturizer at least twice a day for 10 days or until healed.
- You may shower, but don't soak the area for 7–10 days or until healed.
- No facials, abrasive, or exfoliating cleansers until healed.
