

Aftercare instructions for Agnes/VirtueRF/Revitaleyes

- Keep area clean and dry for 7 days or until wounds are healed.
- Avoid heat or sun exposure.
- Use a clean pillow case.
- Avoid areas with high bacterial counts - hot tubs, gyms, public swimming pools, until healed or 10 days.
- Avoid direct contact with pets until healed.
- You may take a Claritin or Zyrtec daily if you tolerate it to help with swelling.
- Sleep with head slightly elevated for the first 2-3 nights to help with swelling.
- Wash with a gentle cleanser and cool or tepid water, then apply stem cells, then moisturizer at least twice a day until healed or 10 days.
- You may shower but don't soak the area for 7-10 days until healed.
- No facials, abrasive or exfoliating cleansers until healed.
- Notify us immediately if signs of infection: fever over 100*, swelling, increasing pain, redness, or purulent drainage. 208.339.0106
